

Prof. em. Dr. Andreas Fischlin

Andreas Fischlin, 1949, studied Biology and Systems Theory. He researched in Canada and Switzerland population dynamics and the impacts of climate change on ecosystems. He taught at University and ETH Zurich computer science and systems ecology. He played a leading role in the formation of the curriculum and department of Environmental Systems Science at ETH Zurich. He was presented the Nobel Peace Prize 2007 as awarded to IPCC for his work as coordinating lead author in the Fourth Assessment Report. For 17 years he represented Swiss scientists in the UNFCCC Swiss delegation. Today he is IPCC Vice-Chair WGII.

Former Director Terrestrial Systems Ecology
Institute of Biogeochemistry and Pollutant
Dynamics (IBP)
Department of Environmental Systems Science
ETH Zurich

Universitaetstrasse 16, CHN E 24
8092 Zurich
SWITZERLAND
